

# Minor in Biomedical Engineering Technology

---

The following 3 courses are required:

<b>Code</b>	<b>Title</b>	<b>Credits</b>
BME 111	Introduction to Physiology	3
ENGR 320	Prototyping Essentials	3
BMET 415	Biomedical Mechatronics	3

Remaining 2 courses from the following:

<b>Code</b>	<b>Title</b>	<b>Credits</b>
BME 210	Processing Fund for Biol Signa	3
BME 303	Biological and Chemical Foundations of Biomedical Engineering	3
BME 304	Material Fundamentals of Biomedical Engineering	3
BMET 320	Applied Biomedical Data Acquisition	3
GEN 301	Applications of Microcontrollers and IoT devices	3
MNET 303	Advanced Techniques in CAD/CAM	3
MNET 315	Industrial Statistics	3
or IE 331	Applied Statistical Methods
